IT

(OR DID SHE?)

WHAT WE DO

THE BUTLER DID IT produce entertaining and interactive murder mysteries, which are perfect for celebrations, dinners and corporate events. Each mystery has a clear plotline, a cast of dedicated actors and gives you the chance to play detective.

Everything is done in-house and because we have total creative control, we can offer you the option to preview, tailor and commission murder mysteries depending on how you want your event to unfold. Our experienced script writers will work with you to create the settings, characters and motives of your choice and if you're really keen to get involved, we can even write a part for you. We also offer a number of pre-written standard packages.

HOW IT WORKS

1. INTRODUCTIONS

Our characters mingle with the guests from the beginning of the event.

2. MOTIVES

Scenes are played out which reveal secrets about each of the characters and bring to light some possible motives. Further written information is also provided.

3. MURDER

A death occurs...

4. INVESTIGATION

After the murder you will be guided through the investigation by Inspector De'Ath who will give you the opportunity to interrogate the suspects and attempt to deduce whodunnit (although those who would rather just sit back and enjoy the action may, of course, do so).

5. SOLUTIONS

Solutions are submitted to the Inspector and the true murderer is revealed.

The action can be fitted around a meal, buffet, drinks evening or even a whole weekend
Murder mysteries are suitable for 20-90 guests
